This website is meant for educational purposes **ONLY and taking it seriously is a mistake.**

1. Why

Learning

This is just a playground for me to learn and play around with html, css

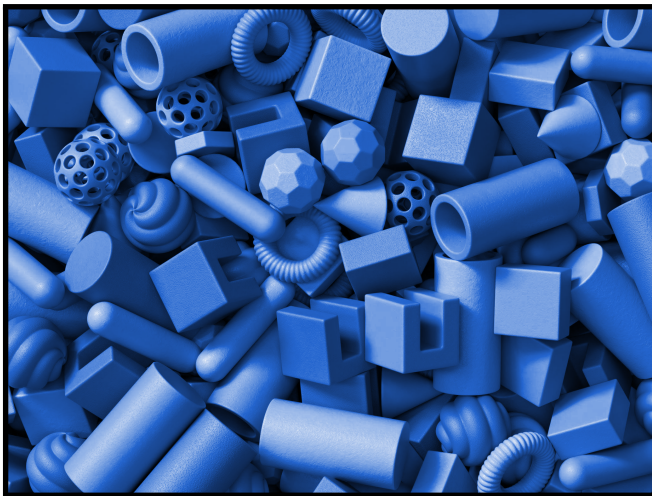

Updates

I only update the website a couple times a week and it's only meant to be a side project.

and eventually javascript. This should
in no way be taken seriously.

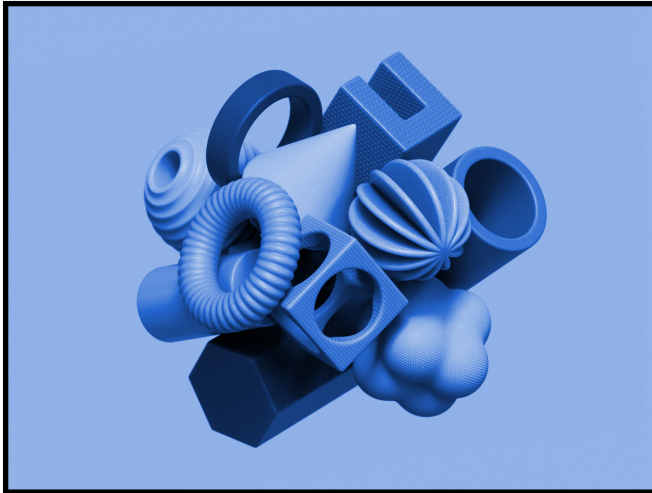

BUT...

You can still take these things seriously:

My Blogs

I will be posting infrequently in my blog
section of the website.

My Recommendations

You can absolutely take my recommendations seriously. All of my recommendations I feel strongly about.

Feedback & suggestions

I'm not taking suggestions at this moment on time.
